ABOUT US

We're a fun-loving and easygoing couple! We've spent the last several years working to build our businesses and our dream home. Boris is the introvert who works from home and behind the scenes handling personal and business-related finances while overseeing development and construction. Jesse is the outgoing extrovert and big personality who works in the field with our numerous employees while overseeing operations. We've been together for a whopping 14 years, and we've complemented each other well throughout our relationship. We spend our free time cooking, dining out with our friends and family, taking our dog for walks around the neighborhood, and staying involved in our church. We love to visit wineries in the country with our friends, and family trips to the beach during the summer is a much awaited tradition. We're also looking forward to spending time at our newly built vacation home in Portugal!

OUR HOME AND PETS

We recently remodeled our home of 13 years to accommodate a growing family, including a fully finished basement where we hope to create many special memories. The home has five bedrooms, 3 ½ bathrooms, and a large backyard and is located within a highly desired community and school district. The community is very family friendly and features two playgrounds within walking distance. Trig, our 10-year-old brindle boxer has brought us company and enjoyment for nine years. Trig was a rescue from the South. He's extremely friendly and loves to play with our nieces and nephews when they visit. He has tremendous patience. Besides treats and walks, his favorite activity by far is nap time!

WHAT LED US TO ADOPTION

We've always wanted to grow our family. About a year ago, we decided we were finally ready to provide a stable and nurturing home and family for a baby, and we began the adoption process. We find ourselves in a very comfortable place in our careers and in our relationship to be able to adopt. Our many nieces and nephews have filled our lives and hearts with utter joy! We love to spend quality time with them. We've found adoption to be the right path for us in growing our family, and we've seen firsthand how fulfilling adoption has been for some of our friends and acquaintances.

our family & TRADITIONS

Jesse has a large extended family that includes his mother and father, two brothers, and several aunts, uncles, cousins, nieces, and nephews. We really enjoy our family trips to the beach each summer with Jesse's extended family, and we can't wait to pass that tradition on to our child. It's a very special place. Jesse's parents' home is only a 10-minute walk from our home.

Boris's family includes his mother and father, sister, nephew, and grandmother. Boris is also very close with his godmother. All of Boris's family is local.

Both families were thrilled to hear about the potential of us expanding our family through adoption. They've always been accepting of our decisions, and we know they'll all be very supportive of our family.

EXPECTANT MOTHER

We hope you'll consider us to raise your baby, and we know how much we'd be blessed to be chosen by you. We'd be overwhelmed with joy and happiness if your baby came into our lives. If we're given the opportunity, we can immediately provide your baby with a stable and nourishing upbringing. We can already envision the family gatherings and vacations that will be spent together with your baby and all of the sweet moments that will be made at home too.

Everything we've worked toward and accomplished in our lives has led us to this point where we can now care for a beautiful baby. We can provide your baby with not only peace and love but an education and prosperous future. We're also capable of raising a child with values and setting goals they can achieve as they grow. Additionally, we're surrounded by our friends and family, who stand ready to support us at every turn.

We're ready to provide your baby with a safe and loving home. We're so looking forward to all of the possibilities and moments ahead of us. Thank you for your consideration.

With Love,

Boris and Jesse
