A LITTLE ABOUT

Lisa

ENJOYING THE OUTDOORS

HELLO! Thank you for taking the time to read my letter. I am a single, active individual living in a quiet, family-oriented community in Sterling, Virginia. I grew up in a loving and supportive family, and have been fortunate enough to have lived and traveled all over the world, experiencing different cultures and lifestyles. I consider myself an optimist, always looking at the positive side of life.

My dream is to adopt and to share the love and comfort that I experienced growing up, transforming my love and sharing all that I have to give to a child. Adoption has touched my life through friends and family, and I am looking forward to sharing this journey with you.

I am a lover of the arts, museums, and the outdoors. Gardening, bike riding on the Virginia trails (a passion), hiking in Great Falls Park, kayaking, weekends at the beach and mountains are my favorite pastimes. Spending quiet time watching a movie or reading a good book is very relaxing. I love Washington, D.C., its history, and love to frequent the museums or just walk on the Mall. My group of friends are a melting pot representing many diverse cultures and religions. My family and friends describe me as vibrant, active, friendly, hard working, compassionate and a lover of life.

MY WORK: As a director of Information Technology, (IT). I work for a mid-sized consulting company, helping the federal government to fulfill their missions to the American people through innovative technology solutions. I love my job as it gives me an opportunity to solve problems that directly impact the lives of US Citizens.

Thank you for reviewing my profile. I realize that placing a child for adoption in a loving family and providing a nurturing environment is a serious challenge. This opportunity to adopt a child is the greatest gift that can be given to me. **My goal is to nurture a child through a life long connection of love and trust to ensure the health, happiness and overall well being of the child.** I will support my future child in whatever activities he or she chooses to pursue, and with my guidance and efforts to be the best role model, help him or her achieve their fullest potential.

HOME sweet HOME

I live in a three bedroom townhome in Sterling, Virginia where my family and friends typically gather in the kitchen and adjacent cozy fireplace room. It is situated in a quiet, safe, neighborhood with a small central playground/ park, and access to three club houses, five swimming pools, and tennis and basketball courts. My home is located very close to shopping centers, schools, hospitals, recreational activities and my place of employment. The cultural opportunities of the Washington D.C. area are within a 25 mile drive. *My neighborhood association provides a parenting forum. If needs arise, neighbors are willing to help in any way.*
